Arm Protection

Throat protection

EA3 offers unsurpassed comfort and load support in a low profile plate carrier configuration. It is releasable and accepts soft and hard armor inserts. When paired with the Ballistic Belt, it becomes an extremely efficient and versatile armor and load carriage system. Designed from the ground up to take full advantage of our system that transfers the vest weight to the wearer's hips.

Feature Ballistic belt support for weight distribution, Air flow system, MOLLE System

Soft Ballistic Construction (in NIJ 06 Seam Sealed Soft Pack)

: Hybrid - DuPont™ Kevlar®

Ballistic panel
