

ENVO TACTICAL PLATE CARRIER

TPC I

TPC I is a lightweight and minimal vest designed for maximum mobility, weight savings, and packability. At just over one pound for the entire carrier, the TPC offers a variety of configuration options to suit an operator's needs in terms of load carriage and comfort. It features our cummerbund hank system with our attachment system that allows pouches to be mounted on both the inside and outside of the cummerbund, shedding unnecessary weight and bulk while improving ventilation. It also features integrated admin and magazine pouches on the front of the carrier. sizes are based on the size of the ballistic plate.

Feature Special Force Operation vest, Light Weight, Low Profile, MOLLE System

Webbing (MIL STD)

Nylon complied to
MIL-W-43668/ AA55301

Soft Ballistic Construction (in NIJ 06 Seam Sealed Soft Pack)
